

Asset Map of Canadian Clinical Practice Guideline Developers

This document provides an inventory of clinical practice guideline developers (CPG) across Canada as well as a [keyword index](#) to support navigation by clinical topic and area of interest.

This database was last updated in April 2018. You can read the full report on how this database was created [here](#).

The SPOR Evidence Alliance does not have the authority to recommend or endorse any of the CPGs published by the developers. Check with your local health authorities for CPGs and recommendations that have been endorsed.

For information on trustworthiness of a guideline, visit the [ECRI Guidelines Trust](#) repository.
